PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

NEWS OF THE MORNING.

Our Kansas correspondent's letter, of which we give a portion this morning, deserves a careful perusal, as it gives the most reliable details yet furnished from the seat of war. Later advices state that the Free State men were fortifying Lawrence, in expectation of an attack by a large force.

We have later news from California, where the Vigilance Committee still holds sway. Judge Terry's victim seems to have recovered from his wound.

Large Fremont gatherings have been held in New York and Massachusetts. At the former, Gov. Reeder spoke with great effect.

In the northwest Congressional District of Illinois, Mr. Washburne has been unanimously renominated. We have not heard from the Convention in the 2d district of this State, but we do not doubt that his brother, C. C. WASHBURNE, has been renominated; and we presume that the third of this band of Republican brothers, in Maine, has received the like well-deserved compliment at the hands of his constituents.

In Congress, committees of Conference were in session last night on the *Army Bill*. The *House still stands firm.*

The German Movement for Freedom!

The Mass Meeting at Market Hall Last Night!

Market Hall was crowded last night with the Germans of our city, and many others, assembled to hear addresses from Judge STALLO of Cincinnati, and FRANCIS A. HOFFMAN of Chicago. The Hall will accomodate, seated and standing, full 1500 people, and the masses filled it full, and many went away for lack of room. We reserve till our next issue a more full notice of this great meeting.

Judge STALLO is one of the most fascinating speakers to whom we have ever listened. His manner is admirable, his voice clear and distinct. Many who understand scarcely a word of the German tongue, were kept spell-bound by the mere force of his manner, while the effect among his countrymen was electric, and again and again the Hall shook with applause.

After Judge Stallo concluded, Mr. HOFFMAN made an able address, and was listened to attentively. A false alarm of fire, got up, no doubt, purposely to disturb the meeting by the pleasant set of opponents that we have to deal with, made but little impression on the audience, and when Mr. PAINE spoke, towards the close of the meeting, the Hall was still crowded.

Judge STALLO, we understand, speaks at Madison to-night.

The Struggle in Congress.

The Boston Advertiser, one of the most conservative journals in New England, thus approves of the action of the House of Representatives on the Army Bill:

> Elegant and convenient as the theory of the Senate is, it is a theory which can be fully carried out only under such constitutions as permit a Louis XV:, to send down decrees for his parliaments to register; or a Napoleon III. to draw up appropriation bills for his Senate to sign. And now that this House of Representatives has made an issue on its right to regulate the details of army expenses, we shall regard it as one step more to an Executive without control, if we shall see it recede from its position.

It would be a public misfortune that in appearance even so great a constitutional principle should be abandoned.

We regret to observe, by the way, that our Representative, Mr. WELLS, is reported "*absent*" in these trying times. He voted *right* on the Proviso, before the adjournment, and will, we trust, continue as he commenced. But above all things let him not be among "*the missing.*"

Matters in Kansas.

We invite special attention to the letter, in this morning's paper, from our Kansas Correspondent. It is a succinct, interesting and veritable narrative of the recent events in that Territory. We vouch for the entire reliability of the writer. It will be seen that among the Free State Men, sorely wounded at Franklin, was a son of our respected fellow-citizen, Dr. GUENTHER. Young GUENTHER accompanied the first party of Massachusetts Emigrants to Kansas, in August 1854, and has resided there ever since.—He was a zealous Free State Man, and a nephew of ROBERT BLUM, who was *shot* at Vienna, November 9, 1848; and like that illustrious Martyr to Freedom, has sealed his faith with his blood.

A DEM. PROCEEDING.—We understand that the 1st Ward Democratic Club talk of expelling PATRICK NICOLL from their ranks, because he is an officer in the Fremont Club. PATRICK sends them his compliments, and informs them that nobody was ever authorized to enroll him among them at all, as he has never had any idea of going for Buchanan and Slavery. He is, and has been, a Fremont man, out and out.

The Cause of Freedom Progressing.

The mails every day bring us flattering accounts of the organization of the freemen of our State for the contest, and almost every letter ordering copies of the SENTINEL gives us information of a Fremont Club organized, an old Democrat resolved to forsake the Slavery party, a good feeling among the Germans in the neighborhood, or some other encouraging sign for the future. We cannot find room for a tenth part of the letters we receive, but must content ourselves with here and there an extract.

The Republicans of Waupun have organized a club, with James Giddings for President, J. Ware and C. Fairbanks, Vice Presidents, Isaac Johnson, Secretary, A. R. Starkweather, Treasurer; and these officers, with L. B. Hills and S. Amadon, as the Executive Committee. They mean to push hard for the honor of being the banner town with their majority for Fremont and Dayton.

A letter from the town of Sullivan, Jefferson County, ordering a dozen SENTINELS, says:

"You will see that some of these subscribers are Germans, and it is only necessary for them to have the true position of the parties placed before them, when most of them declare unhesitatingly for the Republicans. Full one-half of the Germans around here will go for Fremont. This town, which has always been thoroughly Democratic, will be certain from 80 to 100 majority for Fremont."

From Plymouth, Sheboygan County, a friend writes as follows:

"Unless I greatly mistake the signs of the times, you may expect to hear good news from Sheboygan County after the 4th of November next. Set it down 100 majority for Fremont and Dayton, certain."

At Rubicon, Dodge County, on Monday evening last, a gathering of the friends of Freedom was held, and a club of about forty voters was formed on the spot, with the following officers: H. Beckworth, President; S. D. Whitlock, S. Richards, Vice Presidents; C. O. Paige, Treasurer; D. E. Durkee, Secretary.

Keep the ball rolling, friends!

Who are Voters for Presidential Electors?

The following enquiry is made in a letter received yesterday.

"I wish you would tell us whether it is necessary that foreigners should take out their second or naturalization papers *before* they are allowed to vote on the Electoral Ticket."

It is NOT necessary. By the election laws of this State (Revised Statutes, p. 68), the names of all the persons voted for at any general or special election, shall be *on one ballot*.

The only qualifications for voters required in this State are the following:

They must be males of TWENTY-ONE YEARS OF AGE.

Must have RESIDED IN THE STATE ONE YEAR PREVIOUS TO THE ELECTION.

Must be ACTUAL RESIDENTS of the town or ward where they offer to vote.

Must be either WHITE CITIZENS OF THE U. S., OR WHITE PERSONS OF FOREIGN BIRTH, WHO SHALL HAVE DECLARED THEIR INTENTION TO BECOME CITIZENS, conformably to the laws of the U. S., on the subject of naturalization.

Or, "persons of Indian blood who have once been declared citizens," or "civilized persons of Indian descent, not members of any tribe."

The above are the *qualifications required*, and ALL of them. An erroneous impression has obtained some foothold, that for Presidential Electors, actual citizenship of the U. S. is required; but as our laws contemplate but one ballot, having upon it the names of all the candidates and the offices for which they are nominated, it will be seen at once that whoever can vote for one may vote for all.

Fourth Ward Fremont Club.

The members of this Club met Tuesday evening, to hear and consider the report of the Committee on Constitution. A Constitution was reported and adopted.

The Building Committee were instructed to contract for the erection of the Rocky Mountain Camp House, which the previous meeting resolved upon building, on the corner of Second and Spring streets, the owners of the vacant lots *on both corners* having generously offered the Club the use of the ground. The Committee are to have the building ready for the next meeting of the Club, on *Tuesday of next week*, at which time the meeting will be supplied with speakers, and it is hoped there will be a large attendance. The whole expense of the construction of the Camp House, furnished with gas, is limited to the sum of $225.

A list was then opened for the enrollment of members, and a large number of names given in to the Secretary.

Mr. F. M. Lane, having expressed his intention to prepare a banner for the Club, it was suggested to him that, if he needed the assistance of the ladies of the Fourth Ward, it would be cheerfully rendered. The meeting, having determined to make a "bee" on Monday next, for the raising of their camp, they adjourned to September 2d, at 7½ o'clock P. M.

W. I. BUTLER, Sec'y.

IN GREAT DISTRESS.—The Hunker presses in this State are coming to us in great distress of mind over the horrible conduct of those cruel "Abolitionists" in Kansas, who, according to Atchison and the St. Louis *Republican*, have been capturing Lecompton and driving out from the Territory those precious innocents, those lovely law-and-order men, the Border Ruffians. The following, from the Waukesha *Plaindealer*, is a fair sample of their lamentations:

> "It will be seen that the Abolition forces sent down there from the North by the Kansas Aid Societies, have succeeded in renewing the disturbances in Kansas and rekindling the fires of civil war. To do this, they have attacked both the Missourians and the United States troops, driven them out of Lecompton, sacked and burned the dwellings of several whom they call "pro-slavery men," destroyed life and bid defiance to both the Territorial and Federal authorities."

How delighted these sympathizing souls must be to learn that Lecompton has not been attacked at all, and that the whole story is a falsehood, got up by Atchison and his gang in order to excite the border ruffians to join in another foray upon Kansas! And how they will gloat over the achievements of these wretches, in burning and plundering the property of the settlers, and murdering the people of Kansas, who venture to think that it ought to be a free state.

Discussion by the German Fremont and Buchanan Clubs.

The discussion on Tuesday evening at Republican Hall between members of these two Clubs drew out a large audience. Mr. BALATKA presided ably and impartially, and the debate was conducted with great spirit. The question for discussion was: What is the position of the two opposing parties as to Know Nothingism and the extension of Slavery?

Mr. DOMSCHKE, editor of the *Atlas*, appeared for the Republican side, and spoke at length, and to the points at issue, and exhibited great ability. His speech is said to have been truly eloquent and closely reasoned. Messrs. RUPPIUS and HAERTEL, for the Democracy, endeavored in vain to answer Mr. DOMSCHKE'S arguments, and in their wanderings from the question were frequently called to order.

The Hall was too densely crowded for comfort, and the spirit of enquiry among the Germans is such that they will have to engage a larger one.

The Banner County of Iowa.

Grundy is the banner county of Iowa. It was recently settled, and contains but one hundred voters, *ninety-nine* of whom, at the recent election, went the straight Fremont and Dayton ticket. The one Buchaneer is an old man who said he had been forty-five years a Democrat and could not change now. He is the only voter in the county who cannot read and write. About two hundred more of the citizens of the county will be entitled to vote in November. These, it is said, are unanimous for the Republican candidates.—*Chicago Tribune.*

FROM OUR KANSAS CORRESPONDENT.

Late and Reliable Accounts.

LAWRENCE, KANSAS, Aug. 17, '56.

MESSRS. EDITORS:—A brief narrative of the stirring events of the past few days, and of the state of things in this distracted country, will not only be interesting to your readers, but useful, if thereby they are again reminded of their duty and responsibilities in this momentous crisis—for it is no longer the crisis is *coming*, but the crisis *has come*. The war between the powers of Freedom and Slavery in this Territory and the Union has commenced. "The ball has opened" and the party of Freedom has thus far led off, valiantly and successfully. But to particularize.

For a few weeks past the pro-slavery party from Missouri and the South, have been establishing armed posts throughout the country, consisting of from 50 to 200 men each, armed to the teeth, and in every case with a superabundance of arms and ammunition, well provisioned, and fully prepared for a continued occupation, or lengthy seige. Ostensibly they came to lay out towns, make settlements and become actual settlers, but no further indications of such intention manifested themselves. These were the *apparent facts*. *Privately*, we had information that the intention was to establish there fortified posts, fill them with men and supplies, with arms sufficient to arm all their adherents in the Territory, and at a given time, which was originally determined to be within the two weeks last past, to make a general and simultaneous onslaught upon the Free State towns and settlements in the country, and, under the effect of a general panic and confusion, kill and drive them from the country. The plan was well laid and was being carried out to the letter—at least so far as it had been developed, it was according to the programme. It only remained for the Free State men of the country, as a purely defensive measure, to "open the ball" before the enemy were fully prepared for it.

Accordingly, some ten or twelve days since, it was determined to disperse a company of the invaders near Ossawattomie. They had never abandoned that vicinity since the sacking of that place in June, and as the country is not so well settled there as in this vicinity and along the Kansas river, and is contiguous to Missouri, it was not so dangerous remaining there, and depredations were committed with safety and impunity.

I was informed yesterday by a gentleman from there that the Free State men have been under arms ever since the battle of Palmyra. Depredations were being constantly made, horses stolen, cattle killed, Free State men driven from their homes, and improvements entirely suspended; with this gentleman, there were twelve Free State men who had become exhausted of their health, money, and means of livelihood, and were returning from Ossawattomie to the States, relying upon the sympathy and liberality of the people on their route. It is due to them to say that they avowed it their intention to return as soon as they became recruited in health and means.

As a sample of the outrages to which the settlers of that section of country were subjected, I will mention the case of the Wisconsin men, Cline and Rankin, who, you will remember, were reported as having killed six men of eight by whom they were attacked, (I believe, by the way, that they do *not* insist upon having done quite so much as reported). They finally located about 50 miles from the scene of their exploit, but they were obnoxious to their pro-slavery *neighbors*, and were arrested for horse-stealing, it being charged that they had stolen a horse which was found tied in the woods "ten miles" from their residence. An examination was had, and although not a particle of evidence was produced against them, or even that the horse had been stolen, the Examining Magistrate declared that they were evidently guilty from their appearance, and ordered them taken to Harrisonville, Mo., and imprisoned for trial. They were taken there, but, for a wonder, the authorities refused to receive them, and they were returned to the Territory. I understand they are at large, but on what conditions I do not know.

I have just seen a *map of some 65 miles* of Territory from the Missouri line west, and south of the Kansas river, in which are designated 13 of those fortified posts of the enemy. But to return to the *active operations* of the heroic Free State men.

Some 12 days since the Free State men determined to break up a camp of the Invaders (Georgians) near Ossawattomie. The camp originally consisted of 165 men, and was continually receiving accessions from Missouri, and sending off detachments for the formation of other posts, or for plunder, &c. It is reported to have contained 200 men at the time of the attack upon it. In consequence of Indian reservations in that section of country, unsettled by white men, they can operate unseen and at their pleasure. Our people collected from this place, Waukarusa, and other Free State settlements, to the number of 80 and proceeded towards this camp. They arrived in the vicinity in the evening of the 8th instant, and intended to storm it in the night, but as they were advancing, they came upon a scouting party, who immediately retreated to the camp, whereupon the whole force abandoned the camp and retreated precipitately, taking with them their arms and ammunition. They left a large quantity of provisions and other property which was taken possession of. What provisions could not be removed were destroyed with the fortress, which was not yet very formidable. It was a large structure made of heavy logs, but was not yet chinked. That enterprise was nipped in the bud. The advantage resulting from the capture and dispersion, was not, however, very great, physically, as they enemy simply retired to another locality, and are still committing their depredations. But the moral effect was good, both on our men and on the *enemy*, who have continually accused the Free State party of cowardice. A small company have volunteered here to-day to go down there and help their almost exhausted brothers.

Last Tuesday, the 12th, our boys concluded, in consequence of information which they received, and which they considered reliable, that the evening they intended to make their general attack during the week, to make a descent upon Franklin. It was known that there was a brass 6-pounder, and a quantity of small arms there, including a portion of *those* taken at that place from a wagon, about the time Lawrence was sacked. About 80 of our men left here about 9 o'clock on the evening of Wednesday, with the intention of capturing the place and arms, and then, with the cannon, to proceed to Washington Creek, where was a camp of the invaders said to number 200, and strongly fortified, in the vicinity of which the Wakarusa Free State men would await them, and break it up. They proceeded to Franklin, and after summoning the garrison, said to number 40 men in a strong log house, to surrender, and giving them 10 minutes, which they refused to do, they opened upon the house. They kept up a fire for an hour, but without producing any apparent impression. At that time they procured a load of hay and run it up against the house, and set it on fire, upon which they cried "quarter." All but 6 of them escaped from the house before it was taken. Two of them were wounded. Of our men, one named Sackett, recently from Ossawattomie was killed, two were severely wounded and four slightly. The one most severely wounded, and who is yet alive but not expected to recover, is Arthur Gunther, son of Dr. Gunther, of Milwaukee; a letter from whom as a member of the first pioneer party to Kansas, in August '54, to his father, was published in the *Sentinel*.

He was struck by a musket ball carrying away a portion of his chin and lodging in his breast, as he lay on the ground facing the building, firing. A rifle or pistol ball also hit him in the right breast, penetrating the lungs. His case is very dangerous, but he may recover.

The cannon and 50 or 60 rifles and breech loading muskets were taken.

Glorious Victory—Humiliation of the Territorial and National Administrations, and their Abandonment of the Enactments of the Bogus Legislature.

MESSRS. EDITORS AND KIND, INDULGENT READERS:—Permit me to "stop the press" to announce to you the most important event which has transpired in Kansas since these troubles began, if not since its settlement; after which I will resume my narrative.

Gov. Shannon, (for his successor has not arrived,) Major Sedgwick and Dr. Roderique, Postmaster at Lecompton, and one of the most influential and important Pro-Slavery men in the Territory, came down here this forenoon to negotiate in regard to prisoners in our hands, and, if possible, the restoration of peace. At first, Gov. Shannon demanded the unconditional surrender of the prisoners, as being held without any authority at law. This, of course, was refused by our committee, consisting of our Committee of Safety, and the Military Officers. They continued in session from before noon until about 5 o'clock, at which time Shannon agreed to deliver at this place five prisoners taken on civil process at Franklin, the day after the battle there, by the Deputy Marshal, assisted by the U. S. troops, on complaint of the Pro-Slavery Postmaster, for assault with intent to kill, in the action of the previous night. He also agreed to deliver into the hands of Major Sedgwick the howitzer taken from Lawrence by authority of the Sheriff of Douglas County, at the time it sacked, to be given up to Capt. Walker when called for. Thus did he, this "Border Ruffian" Governor, sent here and instructed to execute the bogus laws, and furnished with U. S. troops for the purpose—himself repudiate those laws, suspend their operation without the authority or consent of those who made them, or of any power competent to annul or suspend them—thus setting both the Territorial and Federal authorities at defiance. Is he not guilty of "constructive treason?" And should he not be confined with Gov. Robinson and the other State prisoners? Besides this, Shannon pledged himself that all the influence and power which he possessed should be used to suppress and disperse those bodies of armed men in the Territory, and that may come in, in violation of President Pierce's proclamation, and of the instructions which he has received from him.

Major Sedgwick also engaged to use all the power he had, as subordinate officer, to preserve the peace, and to carry out the spirit of the proclamation. Gov. Shannon made a speech to the people, who were gathered around by hundreds, after the conclusion of the arrangement, in which he did not, however, refer to his declaration in his letter to our committee when asked for protection against the host under Sheriff Jones and Marshal Donaldson at the time of the sacking of Lawrence, which they had violated, and he would make no move. He had forgotten that; but that was our extremity, and this was his. His ox had been gored. Well, we observed the scripture injunction to heap coals of fire on the head of our enemy. He was frequently interrupted in his speech.

The people were very much excited, and much diversity of opinion existed in reference to the arrangement, many insisting that Titus and Donaldson ought not to be set at liberty on any terms. Many were for hanging Titus by authority of Judge Lynch. The Chicago and the Massachusetts companies declare it their intention to leave the Territory and let us fight it out ourselves because of this settlement. Very well; let them go, if they must rule in matters of which their very recent arrival in the country renders them incompetent properly to judge, and that in opposition to the conviction and judgment of our oldest and best citizens. If their efforts for liberty in Kansas are to be measured and determined by such considerations, this is no place for them. We will endeavor still, alone, and in our own way, to fight the fight of Freedom and of the North, if needs be. But, I trust, a little reflection and a "cooling time" will put their minds in a more favorable state. By this arrangement we are bound to nothing but the surrender of the prisoners now in our hands. Our people can, and doubtless will, follow up the good work which has been commenced, of dispersing and driving out those bands of marauders. Col. Eldridge announced to the multitude that he should determine in twelve to eighteen hours whether or not they could not have another job, referring to the dispersion of a company, said to be 200, at Bull Creek, near Osawattomie, the head quarters of the bands in that vicinity, as Franklin was in this. But I will return to my narrative, which will explain something that is obscure in this.

Immediately upon the surrender of the force at Franklin, the fire which had been set was extinguished, and no harm was done to person or property. The most exaggerated accounts of the loss of life and destruction of property there have been set afloat, as usual, by the Pro-Slavery party, but the above is the truth, so far as I know it.

In consequence of the protracted siege, and the unexpected delays of this affair, as well as of the fact that there were but three balls for the cannon found with it, and it would be folly to make an attack upon such a fortification as the one on Washington Creek was represented to be, without cannon, the movement upon that place was deferred to the next day, Friday. On Wednesday it was reported that the company through Iowa, commonly called Lane's party, although he was not in command, and had no connection with it after it entered the Territory, was expected to arrive at Topeka that evening. A messenger was immediately dispatched there for help, and before they had encamped in Topeka, 120 of them volunteered, and were on their way to Washington Creek. They reached there on Friday morning. About noon they were ready, and moved toward's the enemy's position, which was some 4 or 5 miles distant. They numbered 300 men. For balls for the cannon they had run up some of the type in "pi" which remained of the destruction of the *Herald of Freedom* Office. It is suggested that this the last issue of the *Herald of Freedom* may be more efficacious in promoting Freedom than any former issue had been. Upon this army coming in sight of the enemy's position in crossing a hill three miles distant, they abandoned everything in their camp, and made a precipitate retreat, taking only their arms with them. They left 50 new muskets in boxes, their private baggage, Col. Treadwell's trunk and contents, with numerous letters and documents setting forth their plans of operations, and even the remains of their dinner, of which they were partaking.

Among the letters was one from the daughter of one of the Free State men present, written to a friend at the East, and deposited in the Post office for transmission. It had been abstracted from the mail somewhere. Some of the letters announced that by robbing the mails of the letters of Free State men, they had possessed themselves of their plans of operations.

On account of the distance and the position of the grounds, their evacuation and retreat was unperceived by the free State army, and consequently no prisoners were taken.

I have omitted a most diabolical outrage perpetrated by this band of marauders and murderers before the attack upon Franklin, and which should have commenced this narrative. On the morning of Tuesday last, Major Hoyt, who it will be remembered had charge of the Sharpe's rifles taken from the Mo. river boat at Lexington last spring, left the free State camp at Wakarusa, for the purpose of reconnoitering the position on Washington Creek, saying that if he did not return by 2 o'clock P. M., they might consider him dead, or a prisoner. He did not return. The first report we had from him was from a boy who resided in the vicinity, who said that he saw a man led by two others into the bushes, and heard the discharge of guns; after which the two men left alone. He went to the spot and found the body of the man, shot, his pockets rifled, and turned wrong side out, and his boots off; his throat was cut from ear to ear, and the upper part of his face covered and concealed with a paste of some kind. The young man came to the Wakarusa camp and reported the facts, and from the description he gave of the man and his clothes it was recognized as Major Hoyt. He was a very active and efficient free State man and his place cannot be supplied. He was from Massachusetts, and is said to have a mother and daughter in Illinois.

This camp had plundered the free State men of this neighborhood, and given them notice that unless they left the country by a certain time, they would be killed or driven off. It is said that as Free Masons they notified their brother Masons of free State sentiments to leave, or they should not recognize them as entitled to their protection. Thus did they outrage the bond which is said to be held most sacred under all circumstances, among the most barbarous and warlike nations of the earth. All, all, is surrendered to the behests and the interests of Slavery. I inquired fraternally of the W. M. of the Lodge in this place, who is a pro-Slavery man, but in other respects a very worthy, upright man, if he knew whether such was the fact or not. He replied that he had heard it was true. Masons I need not remind you of what a gross violation of the fundamental principle of your order this is, nor ask your opinion of it. I know it already.

The murder of Maj. Hoyt, and of others, reports of which came in about the same time from the south, aroused our people almost to the point of desperation, and this is the occasion of so much feeling this evening in reference to releasing the prisoners we have.

After the affair at Washington Creek on Friday it was resolved to proceed to Lecompton, retake the howitzer which belonged to us and reduce the Border Ruffians there to order. In consequence the camp moved to the vicinity of Capt. Walker's, four miles from Lecompton, and encamped. At 2 o'clock on Saturday morning the large bell which has arrived for Mr. Nute's (Unitarian) Church in this place, rang out a deep and earnest peal, which brought together immediately what fighting men remained in town, and in a short time they were on the march to join the army at Capt. Watkins for the attack on Lecompton. In the night, the gallant Col. Titus of the Georgia Chivalry, General Commanding of the Militia of the territory of Kansas, was out with a troop of about 20 persons, *stealing horses.*—After having secured a number, they came accidentally, being unaware of their proximity, upon the free state camp. They were fired upon, and escaped with two men and one horse wounded. The horse was left. In the morning a company of cavalry was sent forward to surround the house of the gallant Colonel, a strong and large log house, the logs hewn and laid close together, making a very strong place, over a mile this side of Lecompton. A fire was opened upon the cavalry from the house, which was returned and continued until the artillery which followed came up, which immediately opened its mouth in thunder, calling upon the enemy to surrender or digest the last issue of the *Herald of Freedom* in the form of type balls. They called for quarter, and upon the free state men advancing to take possession, the inmates fired their volleys upon them.

At Franklin also they fired upon our men after crying for quarter. The type arguments in their new form soon reached the perceptions of the ruffians, which they had never done before, and they surrendered. One man was killed in the house and several wounded, among whom was Col. Titus, in two places. His hand was shot through and he received a ball in the upper part of his chest near the shoulder, a severe but not dangerous wound. He and his company, 19 men, were taken prisoners and brought to Lawrence. The U. S. troops declined to interfere in the fight, as they had done before, but stationed themselves before the town of Lecompton to protect the appointees of the Federal Government and the seat of the Federal authority in the Territory. Of course the army did not advance, being not yet prepared to fight Uncle Sam, although it numbered 500 strong. Very many of our men however, especially of the new comers, wanted to "pitch in" and give him a drubbing, which they could easily have done with what of him was before Lecompton. But the settled policy is not to attack the Federal troops or authorities, but to rid the country of the hordes of marauders and invaders with which it was about being overrun, and which Shannon permitted and with whom he sympathized. There were taken in the house 30 muskets and about a dozen other guns and Sharpe's rifles. The remainder of the contents, provisions, furniture, clothing &c., was left in the house by Capt. Walker or rather Col. Walker now, and burned with it. Twenty horses and a fine two horse buggy were taken. Many valuable letters and documents were found, and in a trunk which a cannon ball had riddled from end to end was found the identical uniform stolen from Col. Topliff at the sack of Lawrence.

Eight or nine of our men were wounded, one of them, Capt. Henry J. Shaumber, of the Indiana Company, just arrived, dangerously, being shot through the bowels. Another had an arm amputated to-day. The remainder are slightly wounded and are doing well. Among the prisoners besides Col. Titus, was Capt. Donaldson, son of the Marshal, and one of the commanders, as was also Titus, at the plunder of Lawrence. The prisoners were first brought to the point of the hill, escorted by about 600 soldiers, to the spot where the border ruffian army were posted on the morning of that memorable day, where they halted for some 15 minutes, when they took the track of that horde down the hill to the spot on the plain where Atchison made his "border ruffian" speech, thence into town, still on their track, to the front of the ruins of the Free State Hotel where they halted, and after the manner of Jones and his force, were dismissed. The prisoners were then confined in the vacant office of the *Herald of Freedom*, surrounded by its ruins. Titus was removed to another place where every attention, medical and others has been bestowed upon him, as also upon the other prisoners.

Titus declared himself yesterday a free State man, of course in jest, and Donaldson, anxious for his personal safety, voluntarily promised, if his life was spared, not to take up arms again against the free State party. Titus says, he shall leave the Territory if liberated. When he surrendered, he gave the masonic sign of distress and begged for his life. It is said that Major Hoyt was also a mason, but it did not protect him.

IMPORTANT FROM KANSAS.

Authentic Account of the Condition of Affairs in the Territory.

A gentleman from Wisconsin in whom we have implicit reliance, left Leavenworth City, on Thursday last; he brings us authentic intelligence of the condition of affairs in the Territory.

The sum of his account is this:—The Free State men are not intimidated by the forces which are pouring into the Territory to operate against them. They have assembled at Lawrence to the number of over one thousand fighting men, all of whom are well armed, and firmly resolved, if attacked, to make desperate resistance. They are throwing up entrenchments and breastworks around the town, in which they are assisted by their wives and daughters, who work by relays day and night, with courage and devotion which inspires their husbands, fathers and brothers with heroic and, we believe, unconquerable resolution. They are already husbanding their provisions and ammunition, in expectation of a siege. Our informant says that every woman is a soldier; and that, in the event of a fight, each will do a soldier's duty.

The Missourians were crossing into the Territory in great numbers, much inflamed by the false reports which the Border Ruffian journals are industriously circulating. In all the river towns the excitement is intense; but with the prospect of a bloody reception before them, men for the campaign were not very readily procured.

Our informant thinks that, before this, fighting has occurred; and he is confident that, whatever the result, the Free State men have no cause to blush for their conduct or their cause.—*Chicago Tribune.*

Fremont Not a Slaveholder.

It having been charged repeatedly, by the Border Ruffian and Fillmore journals, that Col. Fremont is a slaveholder, that his slaves are hired out by Col. J. B. Brant, of St. Louis, and that these chattels are seventy-five in number, Mr. Geo. J. Bliss, of Geneseo, Henry Co., Ill., took the liberty to address Col. Brant a note inclosing a copy of the charge. The following is the prompt and satisfactory reply:

St. Louis, July 31, 56.

GEO. J. BLISS, Esq.,—

DEAR SIR:—In answer to your note to me of the 27th inst., as to Col. J. C. Fremont being the owner of slaves, I say in reply that, to the best of my knowledge and belief, he never did, and never will, own a slave. I have known him for several years, and never knew him to have a slave, even as a *body servant*. I further state that he never had one working in or about my house—so you can give the whole a flat denial.

Very respectfully, your ob't serv't,
J. B. BRANT.

Of course, this lets all the wind out of that bag; but who supposes that the small orators and dirty sheets of the Pro-Slavery tribe will cease to repeat the calumny? They will put it in another shape, publish it anew, and, if necessary, swear to it, as they have to the Catholic story which has so many times exploded.—*Chicago Tribune.*

ELK HORN BANK.—A Bank of Issue under the above title has been organized in this Village, with a capital of $25,000, L. G. Rockwell, President, and D. D. Spencer, Cashier, to commence operations on the first of September next.

A specimen of the bills was examined at the Bank, and in aptness of design and beauty of execution, they are not surpassed by the notes *of any Bank*. The denominations of $1 and $2 contain in the center a beautiful engraving of the head and horns of one of the great elks that formerly roamed our prairies, surrounded by appropriate vignette.

The establishment of this Institution will afford additional facilities to business men, and is one of the numerous evidences of the increasing prosperity of the Village.

The names of the Company are a sufficient guarantee of its reliability.—*Elkhorn Independent.*

APPOINTMENTS BY THE GOVERNOR.—Governor Bashford has appointed W. C. Webb, Esq., of Wautoma, District Attorney of Waushara County. Mr. W. is a lawyer of experience and ability, and well qualified for the post.

He has also appointed Minor Strope, Esq., of Stevens Point, County Judge of Portage County.—*Madison Journal.*

☞ The *Sentinel* says:

"The so-called Democracy are just now wholly under the lead of silver grey Whigs and zealous Barstowites."

The *Sentinel* seems to be very much alarmed because the Democrats and old line whigs of the State are all going one way.—*Madison Argus.*

Not in the least "alarmed." On the contrary this unnatural union of old fogies—the National Know-Nothings, Doughface Democrats and Hunker Whigs, is the most conclusive evidence possible, to our minds, that THE MASSES will rally, as one man, for FREEDOM AND FREMONT. The *Argus* is welcome to all the *rest*, for BUCHANAN and SLAVERY.

For the Sentinel.

An Acrostic—Freedom's Call.

BY RED JACKET.

Freemen! would ye our laws & rights maintain?
Revere our father's deeds and country's fame?
Erase from fair Columbia the stain,
Made deeper by each fray upon her plain?
On then! with brave Fremont as your guide,
Nor cease 'till victory deigns to crown our side;
'Till FREMONT and DAYTON shall preside!

The Fremont Freeman's Battle-Cry.

AIR—"THE IVY GREEN."

Oh! a noble cry is the freeman's cry,
As it ringeth throughout our land.
Though our foes are strong and their boasting high,
Its truth they cannot withstand.
It ringeth aloud our war-cry proud,
It startles the dogs from their "spoil"—
"Free tongue! Free pen! Free laws! Free men!
With Fremont and Free Soil!"

It sweepeth abroad on the lightning's wings—
Oh! hark to the glad reply!
An echo the fair Pacific flings
To the hoarse Atlantic cry;
"We'll soon be joined with an iron band,
If victory crowns your toil—
"Free tongue! Free men! Free laws! Free pen!
With Fremont and Free Soil!"

He crossed the mountains ne'er *crossed before*;
He rescued the golden land,
And the whole of the wide Pacific's shore,
From the grasp of Slavery's hand!
To link them now with a mighty road—
Who could better direct your toil?
"Free speech! Free pen! Free press! Free men!
With Fremont and Free Soil!"

The snows of age have not chilled his blood,
Nor the snows of the mountain heights;
For freedom still he could spill its flood,
Or to vindicate our rights!
Oh! if to Freedom you'd find a path,
Let the pathfinder guide your toil—
Let the cry be then—"Free speech! Free men!
With Fremont and Free Soil!"

Seventh Ward Fremont Club.

Pursuant to notice, a meeting of the Republicans of the Seventh Ward was held at the Court House on the evening of the 27th. S. S. DAGGETT was called to the chair, and JOHN G. TOWNSEND appointed Secretary.

On motion, a committee was appointed to report names for officers for the Seventh Ward Fremont Club.

The *committee* reported the following names, which were unanimously adopted:

For President—E. L. Buttrick.
For Vice President—James Murray.
For Secretary—E. P. Hotchkiss.
For Treasurer—A. H. Bielfeld.
Executive Committee—Edwin Palmer, Francis Bloodgood, C. Preusser, Charles Cain, S. S. Daggett.

Mr. BUTTRICK was then conducted to the chair, and addressed the meeting in a few earnest and appropriate remarks. A committee of three, consisting of Messrs. ALVORD, BRIGHAM and F. BLOODGOOD were instructed to report a Constitution and By-Laws for the Club.

On motion, adjourned to Tuesday evening, at the same place, to hear report of Committee.

"BACKBONE."—On the decisive vote on Friday in Congress, on laying on the table the motion to reconsider the vote of the House refusing to concur with the Senate on the Army Bill, Mr. BILLINGHURST, of the 3d District in our State, was brought in and voted, though quite ill, and advised by his physician not to leave his room. The vote stood 97 to 95.

RACINE CHURCHES.—The churches throughout the city, we notice, are many of them building and enlarging their places of worship, among which we notice *the* Welsh Calvinistic Methodists are building a very pretty, substantial brick church, 34 by 54, at a cost of $4,000. The Welsh Congregationalists are enlarging their present building 18 feet. The German Baptists are erecting a very nice church on Vila street 22 by 36. We also see our Methodist Episcopal friends have enlarged their house at least one-third of its former dimensions.—*Advocate.*

SCHOONER W. S. MALCOLM WATERLOGGED—STRANGE CONDUCT OF THE CAPTAIN AND FOUR OF THE CREW.—Capt. Smith, of the schooner *Kyle Spangler*, which arrived at Oswego on the 21st inst., reports to the *Times*, of that city, that he found the schooner *W. S. Malcolm*, Capt. Barck, on the day previous, with a *cargo of lumber* for that port, waterlogged. The captain and four of the crew had deserted the *Malcolm*, leaving two small boys, one about 12, and the other 15 years of age, to take charge of the vessel!—Capt. Smith rescued the boys, and brought them into port. They were chilled through when taken off, and very much exhausted. When Capt. Smith first discovered the vessel, by the aid of the glass, one of the boys was in the rigging making signals for relief.

THE MARKET, &c.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, August 28, 1856.

Received by Mil. & Miss. R. R.—164 bbls 39 sacks flour, 3,695 bus wheat, 730 do corn, 028 do barley, 376 do oats.

By LaCrosse & Mil. R. R.—65 bbls flour, 4,657 bus wheat, 192 bus barley, 27 bbls pearl ash, 7 bales skins, 17 tons pig iron, 20¾ tons iron ore, 6,549 lbs sundries.

Supplies of wheat rapidly increasing. Dealers, yesterday, were disinclined to operate at former prices, and a good deal remains over. Holders gave way somewhat, but the amount sold was small. Spring sold at 95ca$1,00. A few lots winter at $1,16a1,21.

BARLEY—better receipts, and good demand at $1a1,10, a small lot of extra bringing $1,12½.

RYE—nominally 62a65.

CORN—48a50.

OATS—30a36 for new—38 for old.

THE GRAND RIVER PINERIES.—Up in the northern part of the Grand River valley and along and beyond the Muskegon river, an immense amount of pine timber is to be found. The mills upon the Muskegon River are, most of them, of later date than those of Grand River, and some of them are the finest in the world. One of the mills upon Grand River is so complete an automatic machine that it draws up and arranges its own logs, feeds them to any required thickness of boards, gigs back and sets itself, carries off and piles up the lumber, registers the number of boards cut, and only consumes its own sawdust for fuel—all by the aid of the most simple and beautiful machinery.

"At a low estimate," says the Grand Rapids *Enquirer*, from which we gather these facts, "the value of this trade foots up between five and seven millions of dollars. There is every prospect that these figures will be largely increased in ensuing years, there being thousands of acres of better pine lands than have yet been cut, yet lying untouched north of these two rivers."

The following table shows, to some extent, the amount of lumber business now done on the Grand and Muskegon Rivers and their tributaries:

Number of saw mills on Grand and Muskegon Rivers and their tributaries	115
(These mills run from 1 to 150 saws each.)	
Number of shingle machines	12
	Feet.
Amount of lumber cut per year	175,000,000
" lath " "	45,000,000
" staves " "	3,000,000
" shingles " "	200,000,000
Number of hands constantly employed in mills	1,150
" " employed in pineries in winter	3,440
" " " " rafting and loading vessels	600
Average load of vessels, feet	80,000
Number of arrivals of vessels carrying lumber from Grand and Muskegon Rivers	1,990

Dalley's Medical Pain Extractor.

THERE never has been a discovery made in the Materia Medica, whereby pain can be so quickly allayed, and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored without scar or defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR.

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much pain and suffering may not thus be prevented! Moreover, life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to my printed pamphlets, for the truth of which I hold myself responsible.

No cases of burns or scalds, no matter how severe, has ever yet, in any one instance, resisted the all-powerful, pain-subduing and *healing qualities* of the DALLEY'S PAIN EXTRACTOR.

No PAIN EXTRACTOR is genuine unless the box has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 76 Barclay and 222 Greenwich street, New York.

THE DAILY SENTINEL.

Thursday Morning, August 28.

CITY MATTERS.

POLICE COURT, AUGUST 27

BEFORE CLINTON WALWORTH, POLICE JUSTICE

Herman Fondenforth, drunk and disorderly, sent to jail for 10 days in default of $5 fine. Hugh Kelly, drunk, fined $1. Mathias Se man, for f hiving on bridge, fined $2.

SUIT AGAINST THE CITY.—The Court was occupied most of the forenoon with a suit against the city brought by Thomas Keogh, claiming $116 as compensation for services rendered as clerk of the Board of Street Commissioners for the Third Ward. The plaintiff failed to prove any agreement between himself and the Street Commissioners as to salary. The evidence showed that the plaintiff had filed out 24 Street Commissioners Certificates, during his clerkship; this was shown by the City Comptroller, and by the City Clerk it was shown that the value as compensation for the services of filling the certificates was $2.

The Court charged the jury briefly, and after being out about 15 minutes they returned a verdict for the plaintiff of $2.

A Summons was issued against the City of Milwaukee, Neal McCague plaintiff; the suit is brought to recover a claim for cleaning and repairing a well in the Third Ward.

CHARGE OF INCENDIARISM.—A man named Dutton was arrested yesterday, on suspicion of having set or hired fire to, or being connected with the setting fire to, the Trunk Factory of Mr. Wallace on Main, below Detroit street. One of the officers who made the arrest in formed us that, sometime ago the prisoner was heard to "threaten that he would burn the building," and yesterday morning, as the [illegible] fire to it but that he knew who did it. In this state of things, and on the officers informing the Police Justice, that officer, in the absence of the District Attorney directed the Policemen Coughlin and Rice, to make the arrest. The fire did no damage of any account it being discovered in time to prevent it.

NAMES IN THE NEW DIRECTORY.—In a hasty look through the new City Directory we observed the following numbers of persons of the same name:

Of Smiths, of our old Tom Smith, 6 Murphys, 2 Mullers 21 Johnsons 24, Jones 27, Klein 12. There are 6 Kings, only 1 Burns, 13 Fitzgeralds and 7 Flahertys, 4 Lynches, 1 Cunny and 1 Cuprou, 16 Burkes 9 Burns, 19 Williams 11 Wilsons, and several others of different names. We only mention these facts, by way of urging patience at the Post Office, when applying for a letter.—The clerks may be bothered to tell which one belongs to the same name he is to belong to.

The Bridges.

Messrs Editors.—There seems to be a want of sufficient care to prevent accidents at our bridges. While the draw is being opened for the passage of vessels, it should be the business of some person, stationed at each end of the bridge, to warn teams from approaching too near. This seems, to a great extent to be neglected.—Only yesterday I saw a spirited horse inadvertently driven as far on the Walker's Point Bridge as to have his fore feet on the draw, when it began to move, and although no harm was done it was easy that a serious accident might have occurred. The same thing in several instances, happened with the same bridge within the last few days.

SAFE.

[We think our correspondent asks too much. Surely a driver ought to have his eyes sufficiently be [illegible] to see the bridge tending at the draw.]

THE CONCERT TROUPE.—Miss Louisa Pyne and Mr Harrison, with Messrs Shelton Horncastle and Reiff, will arrive this morning. Rooms have been taken for the party at the Walker House.

The sale of tickets is going on rapidly at Hempstead's Music Store, and we anticipate a crowded Hall.

We perceive, by the Chicago papers, that the resident musical talent of that city gave Miss Louisa Pyne a grand serenade on Saturday evening last—a compliment richly deserved by the fair and charming Prima Donna.

FIRE—INCENDIARISM.—Shortly before 2 A. M., yesterday, a fire was discovered in the Trunk Factory of J. T. Wallace, on Main st. Third Ward. The alarm was promptly given, and assistance being at hand, the fire was extinguished, with but slight damage to the building. It is thought to have been designedly set.

The alarm last evening was a false one started, probably, with the design of breaking up the meeting in Market Hall—but it was no go.

HOTEL WETTSTEIN.—We learn that Mr. THEODORE WETTSTEIN an old and well known resident of this city, has purchased the buildings on the N. E. corner of East Water and Oneida Streets, with the intention of opening there, in October, a first class German Hotel.—Mr WETTSTEIN is a capital landlord and will keep an excellent house.

FOR COLLINGWOOD.—The steamer *Keystone State* will leave here for Collingwood Friday morning, stopping at intermediate ports. For tickets, &c., apply to L. D. Jenores Agent on Huron, near Main St.

City Land Office.

GREAT AND EXTENSIVE SALE of Lots in KILBOURN CITY, situated on the Wisconsin River, at the point where the Lacrosse and Milwaukee Railroad crosses the river and must and will be the most important station between Milwaukee and La Crosse.

The Wisconsin River is capable of furnishing the greatest Water Power of any river in the United States. The manufacture of lumber, of which over one hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use for the greatest portion of this water power. The Wisconsin River abounds in pine forests which are more extensive than those anywhere other river in the West.

The site of Kilbourn City is magnificent, being a gentle rising from a bluff elevation of 8 feet at the river bank to an elevation of some 200 to 250 feet, where it rests in table land two miles east of the river. The whole is Oak Openings, and the land lays beautifully.

The best, purest and softest water can be had by digging or boring. Kilbourn City was laid out and buildings commenced in Sept. last, since which time some 15 or 20 buildings have been enclosed, at a cost of from one to three thousand dollars each, and great numbers of others are in process of construction.

In fact, it would require two columns of one of our daily papers to give an adequate account of the advantages of Kilbourn City. One word is sufficient and that is this: There has been no city laid out in many years which has offered so many inducements and advantages and where capitalists can invest their money so readily as in Kilbourn City.

To those who are emigrating to this country here is a great opportunity. Go and and attend this sale, which comes off Monday, August 18th and continues from day to day through the week. Over one thousand lots will be offered. The terms of payment will be very easy. A small amount will be required down and the balance on long time, (particularly to those who intend to build.)

Kilbourn City is in Columbus Co. State of Wisconsin.—You take cars from Milwaukee to Beaver Dam where you will find conveyance to Kilbourn City. Maps of said city will be ready in a few days and can be obtained by calling at my office.

NINE P. M. REPORT

[PRIVATE DISPATCH.]

Washburne of Illinois Re-Nominated

Rockford, Ill., 27th

WASHBURNE unanimously re-nominated for Congress from this district. A. T.

Congressional.

WASHINGTON, 27

Senate—Mr. Hunter moved to lay Mr. Weller's bill in order to get up the army bill. Mr. Weller explained—he was willing that it should be withdrawn as he had offered it without consulting the party with which he acted, and the opposition were trying to load it down with objectional amendments. Mr. Hunter's motion was agreed to by 29 to 11. After a spirited debate, on motion of Mr. Hunter, the Senate insisted on its amendment to the army bill and asked a committee of conference, appointing Messrs. Hunter, Crittenden and Bigler as its portion.

After some further proceedings, adjourned.

House.—Mr. Campbell, of Ohio, having said it was evident no business could be transacted, moved that the House adjourn. Motion disagreed to.

Mr. Smith, of Va., moved a call of the House—disagreed to by 86 against 99.

Mr. Chaffee asked leave to introduce a resolution that, the Senate concurring, so much of the enacting clause and to the 137th line be stricken out, and the residue therein be declared passed for the specified purposes therein contained and for no other purpose or purposes whatever.

The items mostly provide for the expense of the war department proper, including arsenals, armories, surveys, armaments and fortifications, without reference to army operations. Messrs. Giddings, Phelps and others objected.

Mr. Wakeman's resolution, offered yesterday, proposing to make proper deduction from the pay of members who, by reason of pairing off, shall decline to act or vote in the House, was then tabled.

On motion of Mr. Williams a resolution was adopted, the Senate concurring, to adjourn to-morrow at 3 o'clock—vote of 110 to 76.

After various proceedings, a message read that the Senate insisted on its disagreement to the Kansas Proviso in the Army Bill, and asked for a committee of conference.

On motion of Mr. Campbell of Ohio, the House further insisted, and appointed Campbell, Stevens and Stevens and Sherman a committee of conference.

Adjourned to 10 o'clock to-morrow morning.

From Kansas.

CHICAGO, Aug 27.

Reliable accounts from Kansas represent that the recent affair at Lecompton was caused by the capture of five free State men from Topeka, by a marauding party under Col. Titus. Free State force proceeded to release them. In the fight one Free State man was mortally wounded. Titus wounded and with three others taken prisoner.

(We omit the rest, as our Kansas letter gives full details of the affair. ED SENTINEL.)

A company of 18 Missourians attacked Tucker Mission, 20 miles from Kansas City, and ordered them to deliver up their horses and leave the territory. Order not complied with, and Missourians not strong enough to enforce it.

Wm. C. Hays, formerly from Kentucky, was shot and scalped by Missourians, five miles from Leavenworth, and left dead in the road.

Companies of Missourians were crossing the river at Leavenworth and concentrating at Westport and Kansas City. No demonstration yet against Lawrence, sufficient force not being collected.

Gen. Smith, U. S. A., was concentrating troops at Lecompton and refuses to act in any emergency without instructions from civil authority.

THREE P. M. REPORT.

Congressional.

Washington, Aug 27.

HOUSE.—Mr. McQueen, of South Carolina, asked but did not obtain leave to offer a preamble, declaring it manifest that no army bill can be passed and concluding with a resolution providing for the adjournment of Congress on Thursday next, at 4 o'clock.

Mr. Houston, of Alabama, asked but did not obtain leave to offer a resolution requiring the speaker to direct the sergeant at arms to bring all absentees to the bar of the House, except those excused on account of sickness of themselves or family, and that each absent member be telegraphed to return at their own expense.

The House tabled a resolution of the Committee on Printing, to print ten thousand copies of the report of the assault by Mr. McMullen upon Mr. Granger.

Several gentlemen attempted to introduce bills, but objections were made from both sides of the House, the express reason being a disinclination to proceed with general legislation.

Later from California.

NEW ORLEANS, Aug 26

The steamship *Grenada* has arrived at Balize. She brings San Francisco dates to the 5th and Aspinwall to the 20th of August.

The steamer *Illinois* left Aspinwall on the latter date for New York, with $1,500,000 in treasure, 509 passengers, and the California mail of Aug 5.

Business was dull at San Francisco. The vigilance committee was in full force. They had made more arrests and executed two persons since the departure of the last steamer. The Vigilance Committee on the 29th of July, hung James Hetherington for the murder of Dr. Randall, also a man named Gray, for a murder committed by him a year ago. Judge Terry was still kept prisoner by the Committee. Mr. Hopkins, whom he stabbed, has recovered. Several attempts had been made to fire both San Francisco and Sacramento. The loss by the fire at Nevada is set down at $2,000,000. The failure of Palmer, Cook & Co., to pay the state and city coupons in New York had created a feeling of indignation throughout the state, and the State Treasurer was to provide for the speedy payment of the overdue interest. The crops throughout the State were in a satisfactory condition.

The San Francisco markets were active during the early part of the fortnight, but closed dull. Serious disturbances had occurred in several parts of the State, between Americans and foreigners.

Great Fremont Meeting in Massachusetts.

Boston, Aug 26

The Fremont Barbecue came off to-day in Charles River Grove. The proceedings were very enthusiastic and harmonious. An ox was roasted, while bands of music were in attendance, and not less than 25,000 people were present. Speeches were made by Hon. D. A. Hitchcock, Hon. A. C. Brewster, Hon. F. C. Barker, Hon. J. D. Elliott, Hon. Luman Brown, Hon. Charles Phelps, and others. A letter from Charles Sumner was read, expressing his regret at having to forego the pleasure of uniting in such festivities at present. At the dinner upwards of three thousand people participated, and the festivities were carried through with great satisfaction to all. Songs were sung and sentiments given. Large delegations were present from all parts of the State. The meeting broke up at dark with cheers for the Republican candidates, and amidst the utmost enthusiasm the greatest assembly of the people ever held in this State departed.

News Items.

Charleston, Aug 26

The Charleston Board of Health report two deaths in this city by yellow fever on Saturday and Sunday last.

Boston, Aug 27

The steamer Canada sailed at noon to-day for Liverpool via Halifax. She had upwards of 50 passengers and $6,400 in specie.

New York, Aug 27

There was a great gathering at the tabernacle last evening, to hear Ex-Gov. Reeder, of Kansas, discuss the affairs of that distracted territory. But limited notice was given, and yet the edifice was crowded. Edgar Ketchum presided. The address was of two hours duration, and was a masterly exposition of the affairs of Kansas.

Easton, Pa., Aug 27

One span of the Lehigh Valley Railroad Bridge across the Delaware river at this place, gave way this morning, while two engines were passing over it. One of the engines was precipitated in to the Morris Canal, a distance of sixty feet. The other caught in an embankment. Two of the persons on the engines escaped injury, two were seriously injured and one was killed.

N Y 27th correspondence of the *Herald*, from Washington, 26th.—Mr. Crittenden of Kentucky gave notice of a bill which he would introduce to-morrow, annulling the objectionable laws of Kansas and reorganizing the Territory by transferring legislative power to the Governor and Judges, and abolishing the Legislature. This was the system under which the old Territories existed and operated. The Senate held another caucus immediately after the adjournment to day to consider Senator Weller's proposition. They finally agreed not to adopt it, inasmuch as they had twice before presented it to the house, and they had refused to take any action upon it. I am informed this evening that the Secretary of War has issued orders to the various armories, owing to the present condition of the Army Bill, to discharge all the employees, as there is no money to pay them.

Mr. Stephens, of Ga., and Mr. McQueen, of S. C., have each a resolution which they tried to get in to day, and which will be submitted to-morrow, to adjourn *sine die* on Thursday at 2 o'clock.

Kansas Affairs.

St. Louis, Aug 27th

Gen. Smith has sent three companies troops to protect government property in Lecompton and afford a strong guard to prisoners, but he refuses to take any measures to put down disturbances in the country, and says the militia may fight it out themselves.

WEST'S

Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes In fact we think it superior to any other Roofing, for it has more essential qualities combined required for roofing, than any other material used, viz Impervious to water, incombustibility, durability and cheapness It is Fire and Water proof and can be applied to flat or steep roofs In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest—Therefore it is made a good walk on piazza's, flat roofs, car tops, steamboat decks, &c Its fire proof qualities particularly adapts it to Railroad buildings engine shops, &c It is especially adapted to repairing old roofs, seaming around battlements, sky lights and chimneys, and for lining eave troughs &c

This roofing is being extensively used in the Eastern States on the most expensive buildings Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office

The subscribers own the right for the State of Wisconsin, and will sell territory by counties or towns, on favorable terms

TO BRIDGE BUILDERS.

THE LaCrosse & Milwaukee Railroad Co invite proposals with plans and specifications, until Wednesday noon, Oct 15th next for building a bridge over the Wisconsin river on the line of their road The road extends in a north westerly direction across the State from Milwaukee, on Lake Michigan to La Crosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 20 feet deep, having in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank, at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself All they can say is, that they are both PRACTICAL MECHANICS and know how work should be done as well as the next man

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle,

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained
